DISAPPEARING PUMPKINS

Halloween may be over, but there's still tons of Fall-themed, science fun to be had! Examine how with the right materials, you can make pumpkin candy have a spooky chemical reaction. Enjoy this interesting and adaptable activity with your

students. Download the full experiment [here!](#)

#SiSIMPACT

Scientists in School has been focused over the last 27 years, not only developing hands-on STEM workshops for young scientists, but developing relationships with people like you! That's why we want you to join in on the conversation by using the hashtag #SiSImpact on Twitter and Facebook. Share examples of what Scientists in School means to you and your students, and witness the impact we have on STEM education!

WHAT'S NEW?

GROUNDWATER INVESTIGATION WORKSHOP

Newly added to our West-Central Ontario region is the Grade 8, Earth & Space Systems workshop, "*Groundwater Investigation*"!

Discover the source of different pollutants such as salt, petroleum and fertilizer when you investigate the natural process of groundwater filtration! Examine local watersheds to choose the best site for your next home. Learn the importance of maintaining our water-supply and how to become stewards of our water systems by participating in hands-on activities. Book now by clicking [here!](#)

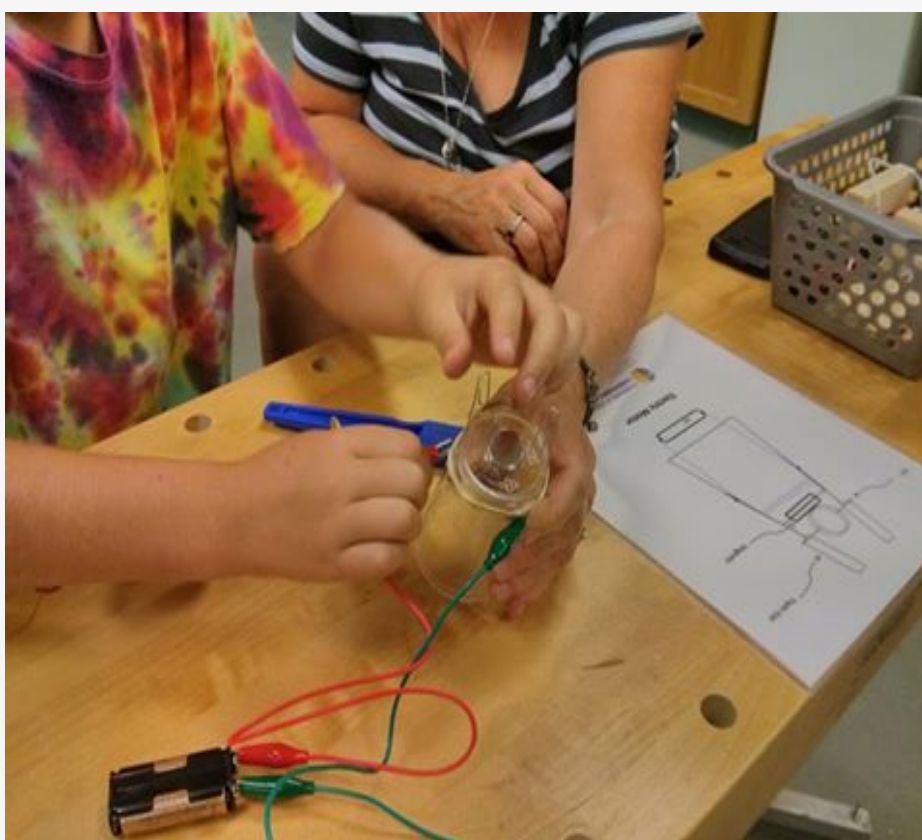

**WHERE YOU CAN FIND US:
STAO CONFERENCE & LEE VALLEY WORKSHOPS**

Are you attending the Science Teachers' Association of Ontario's 2016 conference on November 10, 11 and 12 in Toronto?

Make sure you come and visit us at booth 713 to learn more about our programs, and new teacher resource packages we are releasing; or just say hi and meet our amazing staff.

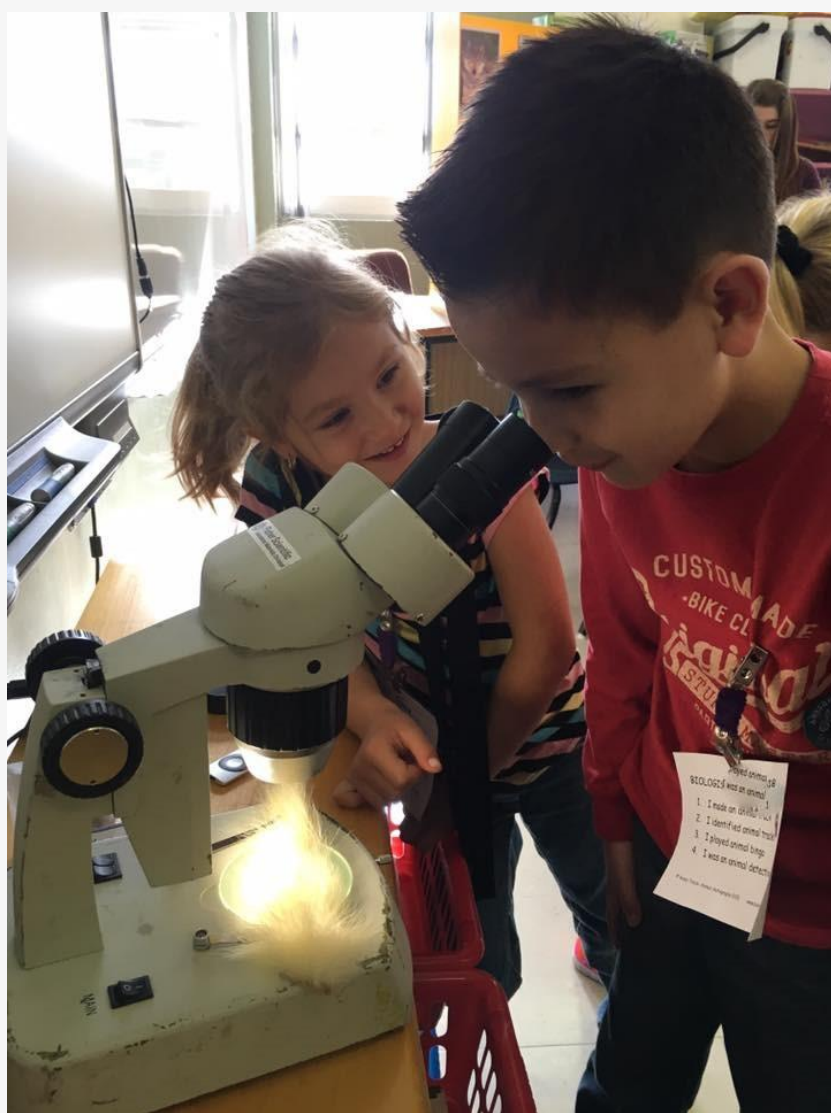

[Check out the excellent line-up of workshops and speakers](#), and come connect, explore and create. See you at STAO 2016!

Scientists in School has once again partnered with your local Lee Valley Tools!

Kids and parents will experience hands-on, STEM activities together, such as music and sound, or electricity and magnetism. Click the [link](#) to find upcoming dates happening in your neighbourhood!

OUR PRESENTERS VISIT THE EAST COAST!

Three of our awesome team leaders from the West-Central Ontario region headed to Newfoundland from September 26 to October 1 to deliver 17 workshops in two schools in Point Leamington and Botwood. These workshops were sponsored and made possible by one of our local supporters, [Superior Glove!](#)

PLAN A SCIENCE DAY

What's better than getting your classroom excited about science? Getting your whole SCHOOL excited about science, of course!

If you are interested in organizing a day of interactive science learning where all classes participate in Scientists in School workshops at the same time, contact us at wco@scientistsinschool.ca

KIDZ LAB CHALLENGE

Bring Scientists in School into your visual arts lesson! Our veteran mascot, Mr. Scientist, is retiring and we need a new Kidz Lab Challenge mascot to fill his shoes. Your students design may be featured on our website, social media, and of course, the winner will receive some awesome prizes.

Download the entry package [here](#). We look forward to seeing all the imaginative designs!
