À L'ÉCOLE

## Scientists in School brings curriculum-aligned STEM to life in your classroom!

### Who we are:

A Canadian charity sparking curiosity in STEM since 1989.

### What we do:

Deliver hands-on, English and French workshops for Kindergarten to Grade 8.

### How it works:

A STEM expert presenter joins your class (on-site or online) for 60-90 minutes of discovery, exploration and fun. Materials are provided.

## Ateliers de sciences en français!

- 60-minute online workshops
- Led live by dynamic French-speaking presenters
- Materials sent ahead for each workshop
